**Lilavati Hospital**, on Wednesday, January 22 announced developing a **300 bed** Cancer Care Institute in Mumbai, Maharashtra. The company unveiled a strategic collaboration with **Mayo Clinic USA** for this project. The upcoming facility will be located near Lilavati Hospital in Bandra and is expected to be fully operational by December 2025.

**OPEN** 10AM-8PM

The Cancer Care Institute aims to provide personalized and effective cancer treatment using advanced technology and global best practices in oncology. The **Maharashtra Government** has agreed to allocate land for this project, while the acquisition process is in its final stages. The upcoming Lilavati Hospital will be developed at an estimated **800 INR-Crore**, with a built-up area of **3,50,000 SqFt**. It will also create between 5,000-6,000 job opportunities for healthcare professionals, researchers, and support staff.
