Lilavati Hospital Introduces Advanced Cancer Care Institute and Nursing Excellence Program

Posted by Nilesh waghela

Mumbai: Lilavati Hospital has announced two major initiatives to enhance healthcare in Mumbai:

New Cancer Care Institute

The hospital is establishing a **state-of-the-art Cancer Care Institute** with a **300-bed facility** in Mumbai. This center will provide:

- **Advanced cancer treatments** using the latest technology and global best practices.
- **Personalized care** tailored to each patient's needs.
- Access to high-quality care locally, eliminating the need to travel abroad for treatment.

This facility will also:

- Offer **AI-driven diagnostic tools** for early cancer detection, improving survival rates.
- Create **job opportunities** for healthcare workers, researchers, and support staff.
- Organize **awareness campaigns** to educate the community about cancer prevention and early detection.

Collaboration with Mayo Clinic: Nursing Excellence Program

Lilavati Hospital has partnered with the **Mayo Clinic** to launch the **Nursing Excellence Program**. This program focuses on:

- **Training and development** to enhance nursing skills and knowledge.
- Key areas like **nursing quality, leadership, patient safety, and competency building**.
- Training through **real-time practices**, observations, and structured sessions.

At the end of the program, nurses will receive a **certificate of completion from the Mayo Clinic**, recognizing their advanced skills in patient care.

Statement from Leadership

Mr. Rajesh Mehta and Mr. Prashant Mehta, Permanent Trustees of Lilavati Hospital, said: *"We are excited to bring this advanced Cancer Care Institute to Mumbai and collaborate with the Mayo Clinic to upskill our nursing staff. These initiatives reflect our commitment to providing world-class healthcare and improving lives in our community."*

This combined effort aims to set new benchmarks in healthcare and patient care excellence in India.
