

# Prem Chopra gets discharged from Lilavati Hospital, doctors share health update

etimes.in | Nov 18, 2025, 02.45 PM IST

Prem Chopra, the well-known Bollywood actor, discharged from Lilavati Hospital in Mumbai on Saturday, November 15. He was admitted there on November 8 due to breathing issues. The 90-year-old actor was treated for chest congestion and is now doing better.

## **Doctors' statement and family update**

According to the report, doctors at the hospital revealed that Prem has an existing heart condition and had contracted a viral infection impacting his lungs. They assured that his condition was never critical. Due to his age and overall health, he was closely

observed for a few days. According to his family, he responded positively to treatment and was stable enough to be discharged and return home.

## **Update from Sharman Joshi**

A few days ago, Sharman Joshi, who is married to Prem Chopra's daughter Prerana, shared an update saying, "All good thank you, just some tests, back tomorrow."

## **Career highlights and milestones**

Prem, who recently marked his 90th birthday on September 23, 2025, has appeared in more than 380 films throughout a remarkable six-decade career. Celebrated for his commanding presence and unforgettable lines, he became one of the most iconic villains in Bollywood history. Over the years, Chopra delivered numerous standout performances, carving out a distinct persona with roles in classics like Prem Nagar, Upkar, and Bobby. The line "Prem naam hai mera, Prem Chopra" from 'Bobby' continues to be one of Hindi cinema's most famous quotes.

## **Early career start**

Chopra started his journey in the film industry with Punjabi cinema, debuting in the critically acclaimed and National Award-winning film 'Chaudhary Karnail Singh'.
