Salim Khan Discharged from Lilavati Hospital After Month-Long Treatment

Entertainment News March 17, 2026 by Aashlesha Kakde

Veteran screenwriter **Salim Khan**, the father of Bollywood star **Salman Khan**, was released from Lilavati Hospital in Mumbai on Tuesday morning after nearly a month of treatment.

The 90-year-old was admitted to the hospital on February 17 when doctors identified a minor brain haemorrhage. As per hospital sources, he was officially discharged at 10:24 am on March 17 after doctors noted considerable improvement in his condition.

Throughout his stay, Salim Khan received attentive medical care and monitoring from a team of specialists. Once stabilized, doctors recommended that he could recovery at home.

Salim Khan is celebrated as one of the most influential screenwriters in Hindi cinema, renowned for his legendary collaboration with Javed Akhtar. The pair, famously known as Salim–Javed, penned numerous blockbuster films such as Sholay, Deewaar, and Zanjeer, which defined the golden age of Bollywood storytelling.

Family members are anticipated to keep a close watch on his health as he recovers at home.
