

Lilavati Hospital & Research Centre Unveils State-of-the-Art Modular & Hybrid Operation Theatre

Thursday 12th March, 2026

Lilavati Hospital & Research Centre (LHRC) has unveiled a state-of-the-art modular and hybrid Operation Theatre (OT), setting new standards in precision, safety, and global surgical care.

The new facility combines advanced surgical technology, hybrid capabilities, and refined workflows to support surgeons while safeguarding patients. Equipped with laminar airflow and HEPA filtration systems, antimicrobial walls, ceiling-mounted anesthesia and surgical pendants, and digital control panels, the OT minimizes infection risks and improves efficiency and ergonomics during complex procedures, including robotic surgeries.

Integrated imaging and surgical lights with built-in cameras enable documentation, training, and real-time procedural support. The modular design allows seamless adoption of new surgical equipment, enhancing workflow and patient outcomes. Rajiv K. Mehta, Permanent Trustee of Lilavati Hospital, said the launch reflects the hospital's commitment to cutting-edge technology, global standards, and compassionate care, reinforcing its position as a leader in world-class surgical excellence.

Rajiv K. Mehta, Permanent Trustee of Lilavati Hospital, commented,

It is a proud moment for us to unveil our new modular and hybrid OTs. This advancement reflects our commitment to cutting-edge technology and global standards, ensuring patients receive the safest and most precise surgical care. At Lilavati Hospital, we continue to combine innovation with compassion, strengthening our promise of excellence in healthcare."

With this launch, Lilavati Hospital reinforces its position as a leader in world-class surgical care, combining advanced technology, patient safety, and surgical efficiency under one roof.
